## Waltham Watches.

We claim for WALTHAM WATCHES more points of excellence than are found in those of any other manufacture. This is especially the case with those made for ladies' use. In their construction every care is taken to insure correct performance, and, although of small size, they are remarkably substantial; in this respect they essentially differ from the great majority of small foreign watches, which are so slightly made that their use, as time-keepers, must be very short and limited. The gold cases for these watches are of great variety, from the perfectly plain to the most elaborately ornamented. Every taste and purse can be suited. An examination of our assortment, which is by far the largest in the country, is respectfully solicited, and to those at a distance we will send our Illustrated Catalogue, on application by mail or otherwise. Please state that you saw this notice in *Harper's Bazar*.
